

Hereby, the independent Jury established to define the Lueny Morell award for educational innovation in Higher Education in STEAM has decided to grant the aforementioned award to the nomination presented by

Viviana Curatolo and Jorge Almiña from Universidad Tecnológica Nacional, Facultad Regional Buenos Aires, Argentina

The Jury has assessed the applications submitted and has decided in favor of the Entropía project, presented by the aforementioned candidacy, considering the context of the initiative, its educational impact and, above all, its social impact.

In this way, innovaHiEd Academy honors the memory of its founder, Lueny Morell, a woman who was characterized by her ability to connect people and entities in favor of educational improvement, with a truly global impact.

September 10th, 2021.
